How to install a Progressive Web Application (PWA)

A **Progressive Web Application** (PWA) combines the best features of websites and mobile apps. PWAs work offline, load quickly, and can be installed directly to your device's home screen. They provide an app-like experience while being accessible through your web browser.

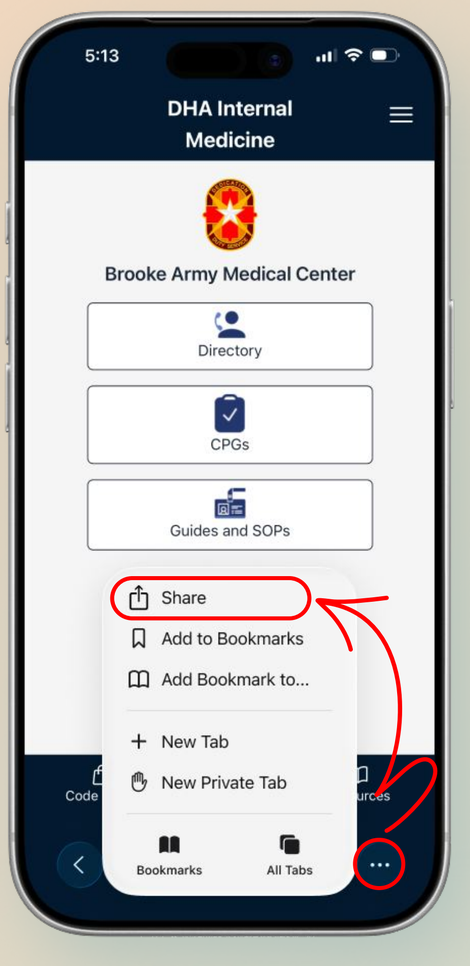

Follow these step-by-step instructions to install a PWA on your device. Once installed, access the app directly from your home screen without opening a browser or typing a web address.

Safari Browser

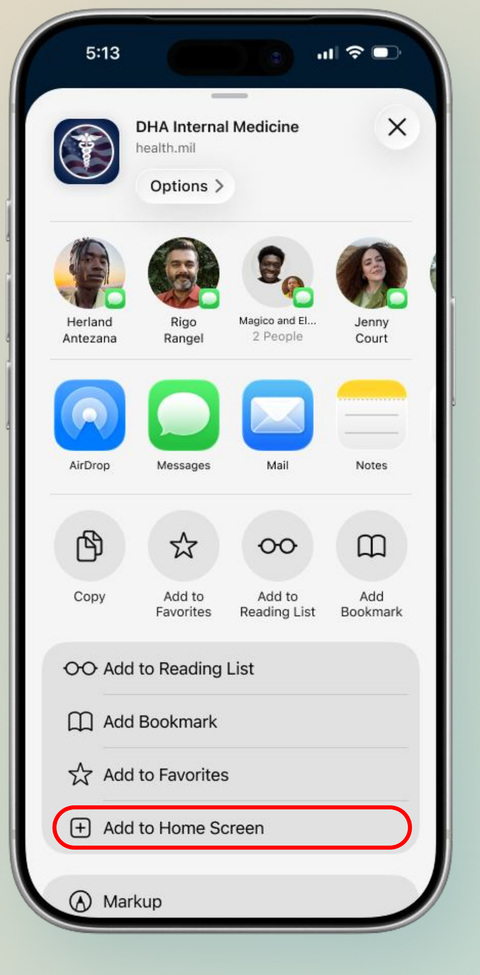

Install on iOS

Using Safari, navigate to https://mobile.health.mil/ on your iPhone or iPad.
Select the app you want, open in it in the browser, and then:

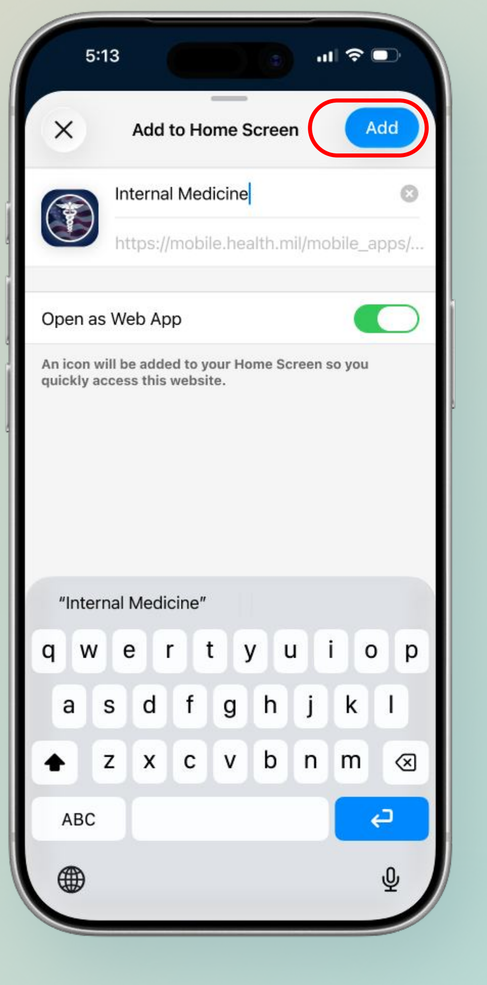

1 Open the menu, then “Share”

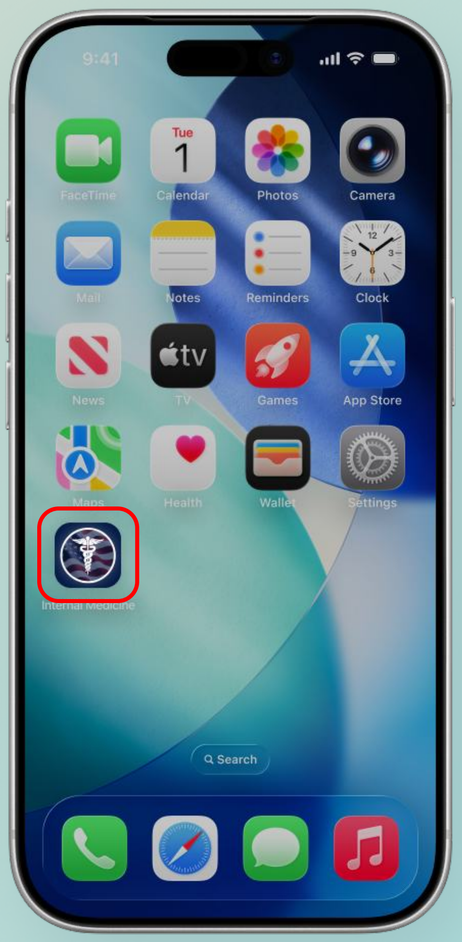

2 Tap “Add to Home Screen”

3 Tap “Add”

4 Access on Home Screen

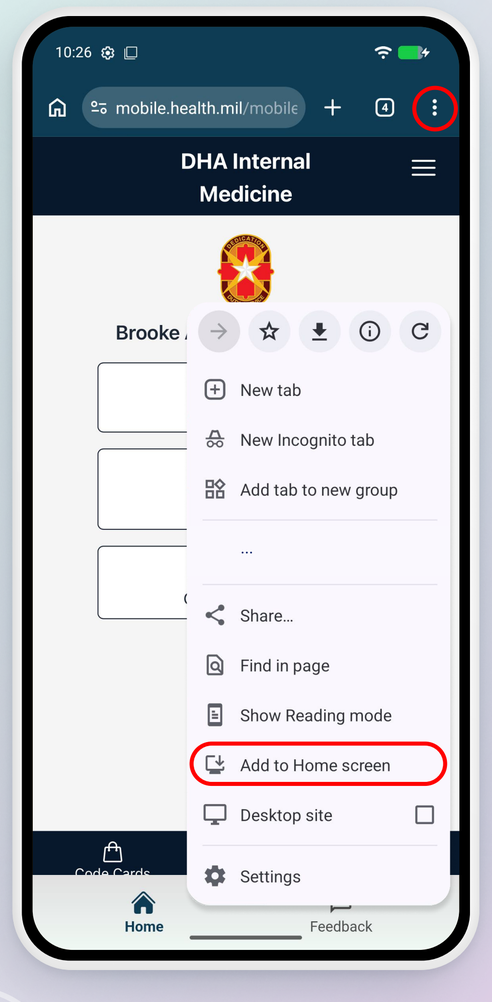

Chrome Browser

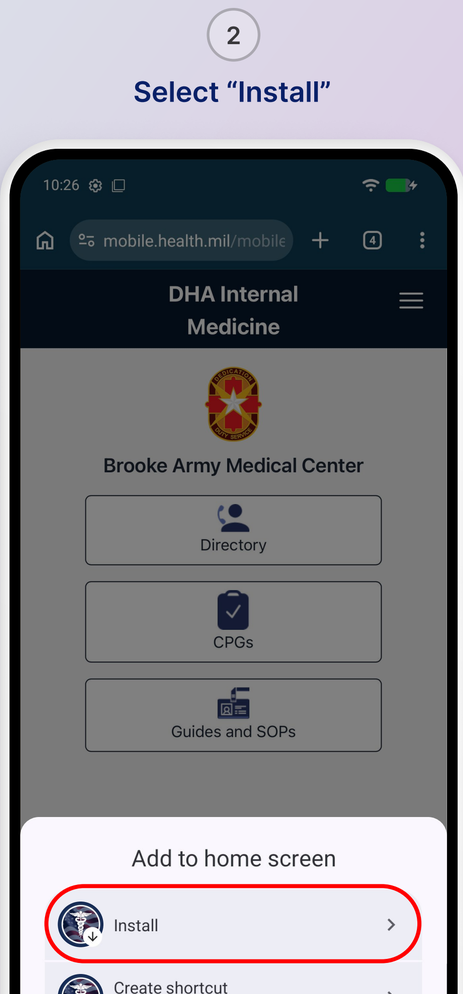

Install on Android

Using Chrome, navigate to https://mobile.health.mil/ on your Android device.
Select the app you want, open in it in the browser, and then:

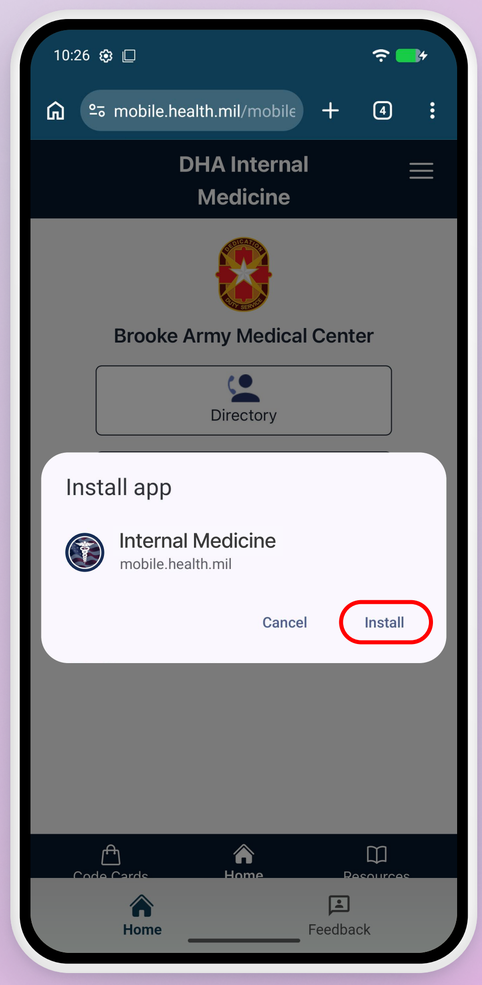

1 Open menu, tap “Add to Home screen”

2 Select “Install”

3 Confirm “Install”

4 Access on Home screen
